Objective

AI & Data Science engineering student skilled in Java, SQL, and Python with problem-solving abilities. Hands-on experience building practical software and data-driven solutions. Seeking opportunities to apply technical skills and deliver value across software, data, or AI roles.

Education

GSSS Institute of Engineering and Technology for Women

| Dec 2022 – June 2026

Bachelor's of Engineering in Artificial Intelligence and Data Science

- **CGPA** : 8.75

SVIC Jnanodaya Pre - University College

| May 2020 – April 2022

PCMC's

- **Academic Percentage** : 90%

Projects

AI Chatbot Web App

| React, Node.js, Express, MongoDB, OpenAI API, Google OAuth

- Built a full-stack AI chatbot using the **MERN stack**, with secure **JWT authentication**, Google OAuth login, persistent chat history in MongoDB, and a fully responsive UI with Tailwind CSS.
- Integrated **OpenAI GPT API** for intelligent conversational responses and optimized backend API flow to ensure fast, reliable, and scalable request handling.

Real-Time Object Detection for Visually Impaired Users

| Java, CameraX, YOLOv8-TFLite, OCR, TTS

- Built an offline Android vision app using **YOLOv8-TFLite**, achieving **18–25 FPS**, **35–55 ms latency**, and **91.3% mAP** for real-time object detection.
- Integrated **multilingual OCR** and **<500 ms TTS** for instant voice feedback, ensuring fully private, on-device accessibility.
- Added **gesture navigation** with haptic feedback and optimized modules (Detector, OverlayView) for stable **2+ hour** usage with controlled memory.

Technical Training Experience

Data Science Intern

Take It Smart (OPC) Pvt. Ltd. | Feb 2026 – May 2026 | Virtual

- Attending a 4-month structured Data Science internship with continuous technical mentorship.
- Gaining hands-on exposure to Data Science concepts and real-world implementation tasks.

Technical Skills

Programming : Java (Intermediate), Python (Basics), SQL (Basic), OOP (Java),

Data Libraries : NumPy (Basics), Pandas (Basics)

Development Tools : Visual Studio Code, IntelliJ IDE, Jupyter Notebook, Google Colab
